You may pick your box up on the round table in the Sanctuary. - The boxes will be in alphabetical order to ease your selection. Please note - there are several number changes to conform with the different ways many are now contributing. Those who are contributing on-line or through Bank Billpay will be not be receiving envelopes. However, I would ask two things: 1. If you did not receive a box of envelopes and would like one, please let Terry Hambel know. 2. If you received a box and will not need it for 2021, also let Terry know. As always, if you have any questions, you can contact Terry by leaving a message at 910-769-1761 or emailing tmurtha2@aol.com. Thank you all. Medicare Open Enrollment: October 15 - December 7, 2020 All Medicare beneficiaries are encouraged to examine their prescription drug coverage each year, as policies and prices change. In addition, the medication needs of an individual can change from year to year. This year some plans will be offering a Senior's Savings Model where a thirty-day supply of insulin vials and pen injections will cost a maximum of \$35. You may want to see if your current plan offers this model. You may find that changing Prescription Drug plans saves you money. During Open Enrollment, the New Hanover County Senior Resource Center will have SHIP volunteers available to provide one-on-one counseling by phone only. Due to the pandemic and limited availability, please call the appointment line at 910-798-6442. They will give you any further information that you may need.
